Matt, I'll add this to the Exec agenda for next week so hopefully we can get an answer to you quickly. I'm in a meeting all day today with EPA, so I may call you Monday if I have any questions re this request.

Jen, please add this to the Exec agenda. Thanks, Jim.

Subject: RI Groundwater Plume Figures

Hi Jim,

I wanted to ask your assistance in obtaining the GIS layers for the Maps 4.4-3a through 4.4-3h in the draft RI. DEQ is putting together some figures identifying groundwater plumes and the associated source control efforts. It will save quite a bit of effort at our end if we can build off of the LWG maps.

Thanks for your help.
